## ABOUT AiSPIRE

AiSPIRE 2025, hosted by Goa College of Engineering, is set to be the biggest tech event in India, showcasing cutting-edge domains like AI, robotics, and cybersecurity.

The event will feature a hardware hackathon, women's summit, idea pitching, blind coding challenges, project exhibitions, keynote sessions, and engaging competitions. With participation from students nationwide, leading tech corporations, and top tech content creators, this prestigious event will promote innovation, collaboration, and skill development. This partnership between IEEE and GEC aims to strengthen academia-industry ties while delivering an unparalleled experience for all attendees.
